Welcome Message

Dear Sponsors and Exhibitors,

It is my great pleasure to invite your company to support the 93rd Congress of the European Orthodontic Society, which will take place from the 5th to the 10th of June 2017 in Montreux, Switzerland. This will be the first EOS Congress in Switzerland after 34 years.

The scientific programme is focused on interdisciplinary topics and thus it will be of interest not only to orthodontists but also to periodontists, oral surgeons, oral radiologists and general dentists.

As you can see in this prospectus, we are providing attractive and flexible sponsorship opportunities and a very centrally located exhibition space. We are open to discuss with you any suggestions and additional ideas you may have.

The Montreux Riviera, with its mild climate, the Mediterranean vegetation, the terraced vineyards and the close proximity to Lake Geneva and the Alps, is the ideal place for such an event. We are confident that the right mix of a stimulating scientific programme and an attractive social programme will make this congress unforgettable.

Welcome to the 93rd EOS Congress in Montreux!

The success of Montreux lies in its decision to launch out into the organisation of cultural and corporate events. A new image, stemming from the September Musical, created in 1946, and the Jazz Festival, created in 1967, gave Montreux world-wide renown. Continuing on its chosen path of event and business tourism, in 1973 Montreux opened a Convention Centre on the shores of Lake Geneva. Extended in 1981, the Convention Centre, in its present form with vast ceiling to floor windows, was opened in 1993 with the inauguration of the prestigious Stravinski Auditorium and concert hall.

In May 2006, the Montreux Convention Centre changed its name to become the Montreux Music & Convention Centre (2m2c) to better correspond to its growing reputation built on music and events.
